Why subscribe to NJ Rep? Because it's the Deal of the Century! For a monthly charge of \$15 or annual fee of \$180, you can attend **all** plays during your own **12-month**, year-round "season." You don't have to choose a subscription series or specific dates far in advance; in fact, you can enjoy every play **multiple times\*** during its run, at no additional charge, with just a phone call or email! In addition, your attendance at special event performances is at a reduced rate. Plus, you can enjoy **all** script-in-hand new play readings for free, and there are never any cancellation or exchange fees for subscribers. We could not continue to produce groundbreaking works and showcase new playwrights without the on-going support of our subscribers. Please become one today!
